

ENZO NASTATI

CHANGES IN THE ETHERIC WORLD

NOVEMBER 3rd to 8th, 2009

Those fortunate enough to have attended his 2008 'introductory course' will tell you that Enzo is a gifted teacher and researcher.

This year Enzo will guide us through his research into the fundamental changes happening in the etheric world right now and the implications for all our lives. Some familiarity with Dr Steiner's work will be useful - and please have questions ready.
